

APPENDIX A

SOURCES OF ADDITIONAL INFORMATION

APPENDIX A

SOURCES OF ADDITIONAL INFORMATION

The sources listed below were consulted in the development of this document and may be useful to readers who wish to obtain more in-depth information on specific topics. A listing of the State documents and addresses begins on page A-5.

ATSDR (Agency for Toxic Substances and Disease Registry). U.S. DHHS, PHS. See Toxicological Profiles for Various Chemicals. Obtain from ATSDR in Atlanta, GA.

Baker, S.R., and C.F. Wilkinson (eds). 1988. *The Effects of Pesticides on Human Health: Advances in Modern Environmental Toxicology Volume 18*. Princeton, NJ: Princeton Scientific Publishing.

Crump, K.S. 1981. Statistical aspects of linear extrapolation. In: *Proceedings of the 3rd Life Sciences Symposium, Health Risk Analysis*. Richmond, C., and E. Copenhaver (eds.). Philadelphia, PA: Franklin Institute Press.

Hood, R.D., Ed. 1989. *Developmental Toxicology: Risk Assessment and Future*. For: Reproductive and Developmental Toxicology Branch, OHEA, USEPA. New York: Van Nostrand Reinhold.

HSDB (Hazardous Substances Data Bank). 1992. On-line from Toxnet.

Humphrey, H.E.B. 1988. Chemical contaminants in the Great Lakes: the human health aspect. In: M.S. Evans (ed.). *Toxic Contaminants and Ecosystem Health: A Great Lakes Perspective*. New York: John Wiley and Sons, p. 153-165.

IARC (International Agency For Research on Cancer). 1986. Multiple volumes on a variety of chemical contaminants. Obtain from World Health Organization, IARC, Lyon, France.

IRIS (Integrated Risk Information System). 1993. Chemical-specific and background document files are available. Obtain through Toxnet. Developed by EPA.

Klaassen, C.D., M.O. Amdur, and J. Doull (eds.). 1986. *Casarett and Doull's Toxicology: The Basic Science of Poisons*. New York: MacMillan Publishing Company.

Kuehl, D.W., B.C. Butterworth, A. McBride, S. Kroner, and D. Bahnick. 1989. Contamination of fish by 2,3,7,8-tetrachlorodibenzo-*p*-dioxin: A survey of fish from major watersheds in the United States. *Chemosphere* 18:1997-2014.

Review of Environmental Contamination and Toxicology. 1988. USEPA, Office of Drinking Water Health Advisories, (includes multiple pesticides), Vol. 104, New York: Springer-Verlag.

TVA (Tennessee Valley Authority). 1992. *Use of Risk Assessment Techniques to Evaluate TVA's Fish Tissue Contaminant Data*, Tennessee Valley Authority Water Resources Division (prepared by Janice P. Cox).

U.S. EPA (Environmental Protection Agency). Memoranda titled "List of Chemicals Evaluated for Carcinogenic Potential" issued regularly by the Office of Pesticide Programs.

_____. Tox One Liners for Pesticides of Interest. Obtain from Office of Pesticide Programs, Washington, DC.

_____. 1988. Proposed guidelines for assessing female reproductive risk. U.S. EPA. *Federal Register*, 53: 24834-24847. [Cited in U.S. EPA, 1992.]

_____. 1988. Proposed guidelines for assessing male reproductive risk. U.S. EPA. *Federal Register*, 53: 24850-24869. [Cited in U.S. EPA, 1992.]

_____. 1989. *Interim Methods for Development of Inhalation Reference Doses*. Office of Health and Environmental Assessment, Washington, DC.

_____. 1989. *Workshop Report on EPA Guidelines for Carcinogen Risk Assessment*. Risk Assessment Forum, Washington, DC.

_____. 1989. *Workshop Report on EPA Guidelines for Carcinogen Risk Assessment: Use of Human Evidence*, Risk Assessment Forum, Washington, DC.

_____. 1991. Risk assessment guidance for Superfund. Volume 1: human health evaluation manual supplemental guidance—"standard default exposure factors." Office of Emergency and Remedial Response.

_____. Office of Pesticide Programs RfD Tracking Report—obtain the most recent version. It is usually issued quarterly.

_____. 1993. *A SAB Report: Cholinesterase Inhibition and Risk Assessment, Review of the Risk Assessment Forum's Draft Guidance on the Use of Data on Cholinesterase Inhibition in Risk Assessment by the SAB/SAP Joint Committee*, Washington, DC.

U.S. EPA (Environmental Protection Agency). 1993. *Review of the Methodology for Developing Ambient Water Quality Criteria for the Protection of Human Health*. Prepared by the Drinking Water Committee of the Science Advisory Board, Washington, DC.

_____. 1996. Listing of Fish and Wildlife Advisories. EPA-823-C-97-004 (3.5-inch diskettes) or EPA-823-C-97-005 (CD-ROM). Cincinnati, OH: National Center for Environmental Publications and Information. Also available from the Internet at: <http://www.epa.gov/ost>.

U.S. FDA (Food and Drug Administration). *Guidance Documents for Chemicals in Fish and Shellfish*. May be obtained from the Center for Food Safety and Applied Nutrition, U.S. FDA, Washington, DC.

STATE DOCUMENTS

The documents are listed in alphabetical order by State. The address, which follows the first document listed for each State, is the location of the office(s) that have contributed to this document.

Monterey Bay Marine Environmental Health Survey: Health Evaluation, California Environmental Protection Agency, Office of Environmental Health Hazard Assessment, 1992.

California Environmental Protection Agency
Office of Environmental Health Assessment
Pesticide and Environmental Toxicology Section
601 N. 7th Street, P.O. Box 942732
Sacramento, CA 94234-7320

A Study of Chemical Contamination of Marine Fish From Southern California II. Comprehensive Study, California Environmental Protection Agency, Office of Environmental Health Hazard Assessment, 1991.

California Sport Fishing Regulations, California (State of) Fish and Game Commission, Department of Fish and Game, 1992.

Exposure Guidelines for Mercury in Fish: Memorandum to Charles S. Mahan, M.D. from Richard W. Freeman, Ph.D., Florida (State of) Department of Health and Rehabilitative Services, 1993.

Florida Department of Health and Rehabilitative Services
Toxicology and Hazard Assessment
1317 Winewood Blvd.
Tallahassee, FL 32399-0700

Advisories on Mercury Concentrations in Large Mouth Bass: memorandum to HRS District Administrators from Charles S. Mahan, M.D., Florida (State of) Department of Health and Rehabilitative Services, 1993.

Guidelines for Issuing Advisories/Bans on the Consumption of Chemically Contaminated Fish, Louisiana Department of Health and Hospitals, Office of Public Health, Environmental Epidemiology Section, 1990 (updated 1991).

Louisiana Department of Health and Hospitals
Office of Public Health
New Orleans, LA 70160

Summary of Revisions to the Michigan Sport Fish Consumption Advisory, Michigan Department of Public Health, Division of Health Risk Assessment, 1992.

Michigan Department of Public Health
Division of Health Risk Assessment
3423 N. Martin Luther King Blvd.
Lansing, MI 48909

Health Risk Assessment for the Consumption of Sport Fish Contaminated with Mercury, PCBs, and TCDD, Minnesota Department of Health (Pamela Shubat), 1993.

Minnesota Department of Health
Division of Environmental Health
Section of Health Risk Assessment
925 S.E. Delaware Street, P.O. Box 59040
Minneapolis, MN 55459-0040

PCB Reference Dose for Effects on Fetal Development: Development of a reference dose based on human exposure data, Minnesota Department of Health (Pamela Shubat), 1992.

Fish Facts: Methylmercury in Fish, Minnesota Department of Health, 1991.

Health Risk Assessment for the Consumption of Sport Fish Contaminated with Mercury, PCBs and TCDD: Guidelines for the 1991-1992 Minnesota Fish Consumption Advisory, Minnesota Department of Health (Pamela Shubat), 1991.

Criteria used to issue fish consumption advice: 1992 Minnesota Fish Consumption Advisory, Minnesota Department of Health (Pamela Shubat), 1992.

Fish Facts: Contaminants in Lake Superior Fish, Minnesota Department of Health, 1991.

Fish Facts: Eating Minnesota Fish: Health risks and benefits, Minnesota Department of Health, 1991.

Which Fish Are Safe To Eat?, Minnesota Department of Health.

Eating Minnesota Fish: A Guide to Your Health, Minnesota Department of Health, 1991.

Minnesota Fish Consumption Advisory, Minnesota Department of Health, 1992

Fish Tissue Criteria for Dioxin, Mississippi Department of Environmental Quality, 1990.

Mississippi Bureau of Pollution Control
121 Fairmont Plaza
Pearl, MS 39208

Principles for Determining When and Where to Issue Health Advisories on Chemical Contamination in Fish, Missouri Department of Conservation Fish Contaminant Project, 1989.

Missouri Department of Health
Bureau of Environmental Epidemiology
P.O. Box 570
1730 E. Elm St.
Jefferson City, MO 65102

State Health Officials Issue New Advisories for Chlordane-Contaminated Fish on Rivers, Lakes, Missouri Department of Health, 1991.

Missouri Department of Health 1992 Fish Consumption Advisory, Missouri Department of Health, 1992.

A Study of Dioxin (2,3,7,8-Tetrachlorodibenzo-p-Dioxin) Contamination in Select Finfish, Crustaceans and Sediments of New Jersey Waterways, New Jersey Department of Environmental Protection, Office of Science and Research (Thomas J. Belton, M.A.; Robert Hazen, Ph.D.; Bruce E. Ruppell; Keith Lockwood; Robert Mueller, M.S.; Edward Stevenson; JoAnn J. Post, M.A.), 1985.

New Jersey Department of Environmental Protection
Division of Science & Research
CN 409
401 E. State St., 41E
Trenton, NJ 08625

Environmental Impact Statement for Policy on Contaminants in Fish (Final), New York State Department of Environmental Conservation, 1985.

New York State Department of Environmental Conservation
50 Wolf Rd.
Albany, NY 12233

The Procedure for North Dakota's Public Health Advisory Regarding Consumption of Fish Contaminated with Methylmercury, North Dakota State Department of Health & Consolidated Laboratories, Environmental Health Section (Martin R. Schock, Special Studies Coordinator; Francis J. Schwindt, Chief), 1991.

North Dakota Department of Health and Consolidated Laboratories
Environmental Health Section
1200 Missouri Avenue
P.O. Box 5520
Bismarck, ND 58502-5520
